To Our Flower Loving Friends and Patrons

WE TAKE this opportunity to express our deep appreciation for your liberal patronage during the past. We trust that you, as well as our newer customers, will enjoy the greatest possible success with your Dahlias this season.

Our collection of choice Dahlias is the largest and best in the West. The roots are all field-grown, not having been forced—grown as you grow them, insuring you strong, healthy tubers, Government Inspected. Our stock is considered the best, and, in our estimation, unexcelled. We guarantee satisfaction.

A cordial invitation is extended to our friends, both old and new, to visit our gardens this season, where you will see thousands of Dahlias in bloom—many our own origination—and the best of other growers in the East and West.

Thanking you for any orders you may favor us with, which we assure you will have our personal attention, we are

Yours for better Dahlias,

SEATTLE DAHLIA GARDENS,

N. W. West and O. J. Wyman, Proprietors.

Terms of Sale—Please Read Carefully

The following offers are made subject to prior sale, and on the following conditions: Our quotations are for strictly first class, true to name goods, and we guarantee its quality to please you. Any stock that should prove otherwise, we will cheerfully replace it free of charge. Beyond that our responsibility ceases. There always has, and always will be a limited number of failures in every line of gardening endeavor, most of which are usually due to causes beyond our control, such as soil conditions, too deep or too shallow planting, lack of proper cultivation, unfavorable weather, etc., which renders it impossible for us to guarantee your success; but we do guarantee to fill your orders with good healthy stock, and to deliver them to you in growing condition. With each order we send printed cultural directions for your guidance, which if followed carefully should be very helpful in guiding you to success.

CANADIAN REGULATIONS—To import Dahlias into Canada, a special permit must be obtained from the Secretary of the Destructive Insect and Pest Act Advisory Board, Department of Agriculture, Ottawa, Ontario. We must know the number of your permit so it can be mentioned upon the parcels and invoices, and require the white mailing tags, issued by the Board to affix to parcels, one for each parcel.

TERMS—Cash with order, or satisfactory bank reference bearing the endorsement of your banker.

Postage will be prepaid on all orders of \$1.00 or more; on all orders for less amounts a charge of 15 cents for packing and postage will be made.

SPECIAL REQUEST—If you should receive an extra copy of this catalogue, kindly hand it to a friend or neighbor who is interested in growing flowers. Thank you.

Pompon Dahlias

Pompon Dahlias

The demand for Pompon Dahlias has greatly increased in recent years, because they are almost indispensable for small decorations and have many uses where the larger varieties would be out of the question. They come in almost all colors, bloom very freely, and have excellent keeping qualities. The following varieties are best suited for cut flowers:

25 Cents Each, or \$2.50 per Dozen in Assorted Colors—Our Selection

AMBER QUEEN—Amber, shaded apricot. Admired by all.

ARIEL—Deep orange-buff.

DELICACY—Flesh pink and lavender.

DARKEST OF ALL—Deep maroon, almost black.

EARNEST HARPER—Coral red, very small.

GOLDEN QUEEN—Golden yellow.

GRAFIN ANNA VON SCHWERIN—A light pink shading to white center. One of the very best.

GRETCHEN HEINIE—Blush white, heavily tipped with rose.

HEDWIG POLWEG—A red and white variegated that is very attractive.

ISABEL—A very bright vermilion.

LASSIE—Old rose. A beauty.

JESSICA—Yellow edged red.

JOE FETTI—Pure white, the very best under cultivation.

JOHNNIE—Crimson maroon. Perfect.

PHOEBE—Orange-red with yellow base. The florist's special.

SKEEZIX—Lavender pink, very small and perfect.

SUNNY DAYBREAK—Orange, tipped red.

VIVID—Vivid red that is very attractive.

Elsie West (HC)

The following pages contain a list of Dahlias in which will be found the choicest varieties grown; only the best of the older varieties with the cream of recent introductions are represented and found in these classes.

Decorative, (D); Peony-Flowered, (P); Cactus, (C); Hybrid-Cactus, (HC); Show, (S).

Dahlias marked "★" originated by Seattle Dahlia Gardens, largest growers of cut flower varieties in the West.

- ALMA LORRAINE (D)**—One of the most beautiful and most unusual Dahlias that we have ever grown during our nineteen years as commercial Dahlia growers. The flowers are of immense size; are held on the tip of the stem, facing the sky like a huge water lily. Stems are exceptionally long and rigid, equal to the famous Jersey's Beauty. As a cut flower it is perfect, having all the good qualities demanded of such types. None better for exhibition purposes. In color, this beautiful gem is of a soft fawn shade, reverse of petals a mauve-pink. It is a combination of colors that is rare among flowers. This beautiful flower towered above the many thousands of Dahlias in our field and drew the admiration of all who saw it. We highly recommend this **Dahlia of Merit** \$5.00
- AMUN RA (D)**—Also called The Egyptian Sun God. Outer petals are copper and orange, deepening to a rich, reddish-bronze. The large blossoms greatly resemble a gigantic water lily in formation. A prize winner at many shows75
- ★AUTUMN GLORY (D)**—A beautiful shade of orange-buff; petals slightly curled with a reflex of neyron-rose. The large blossoms are produced freely on long, cane-line stems. An excellent exhibition variety on account of its immense size, color, and attractive formation. A new 1930 introduction that we highly recommend when size and beauty is wanted. A **Dahlia of Merit** 5.00
- BALLET GIRL (C)**—A very striking Dahlia, as some of the flowers are orange, edged white, others pure orange, and still others a variation of white and orange, all on the same bush. A splendid exhibition variety75
- BOB PLEUSE (HC)** Deep crimson, each petal tipped white. Very large and of unusual attractiveness. One of the most admired Dahlias existing. A profuse bloomer with an ideal stem. Wonderful exhibition variety. Has won, and is still winning, many prizes. We can highly recommend this one50

Autumn Glory (D)

- B. P. O. E. (S)**—An attractive shade of true purple. A most satisfactory florists' flower because of its keeping qualities and good stem. A 1929 prize winner. A great favorite with the Best People on Earth..... \$2.50
- BUTTERFLY (D)**—Pinkish-salmon on the outer edges, shading lighter toward the center that finally reaches a delicate cream. The most outstanding cut Dahlia on the market. A Dahlia of real Merit and winner of many prizes. Worth twice the price..... 1.00
- CAMILLE FRANCHON (P)**—An intense glistening aniline-red deepening to a rich garnet. Habit of growth is ideal. One that will attract attention wherever shown, in the garden or at shows. A gem..... 1.00
- *CAMPFIRE (P)**—A very striking combination of scarlet and gold that attracts attention immediately. Stem is long and stiff. A new 1929 introduction. Stock limited. A beauty..... 2.00
- CARDINAL GEM (C)**—A beautiful cardinal red cactus, petals standing out as rays of the sun shoot out. Stems are firm, holding the blooms erect. Flowers are of medium size, keeping exceptionally well when cut. A new and recent prize winner at the Pasadena Horticultural Show. A flower with a future..... 1.00
- *COL. CHAS. LINDBERGH (HC)** — A deep rich velvety maroon; flowers are held high above the foliage on long, stiff stems; excellent for exhibition and as a cut flower; good keeper and free blooming. A new 1928 Blue Ribbon winner; no garden would be complete without this Dahlia of Merit..... 2.50
- DADDY BUTLER (HC)**—The many petals are perfectly rolled. Color is of the American Beauty rose shades, or rose carmine, reverse lighter tint. Stem is perfect and a most profuse bloomer. An excellent cut flower and exhibition variety..... .50

Camille Franchon (P)

***DR. WALTER CUSTER (HC)** — An exceptionally large variety in this type. Color is scarlet, heavily tipped gold. Blooms are produced freely on the best of stems. A **Dahlia of real Merit**. A new 1929 introduction easily worth twice the price \$5.00

EAGLE ROCK SUNSHINE (HC)—Enormous flowers of deep shade of yellow. Blooms are borne erect on strong upright stems. Exceptionally fine for exhibition purposes 1.00

Anemone

Wonderful flowers for the garden, plants being adapted for many purposes, such as edging around the flower beds, around the walks, in rockeries, or when planted en masse.

Coronaria Creagh Castle strain, of Irish origin. Secured Gold Medal R.H.S. the first time ever awarded for Anemones, besides Award of Merit R.H.S. and the Silver Banksia Medal R.H.S.

It belongs to the famous St. Brigid variety which is so well known. Our stock of these beautiful flowers has been carefully selected for their beauty of color and sturdiness. Plants grow from 10 to 12 inches tall, with large double blooms. The blossoms keep exceptionally long when used for cut flower purposes, for table decorations, or when used for home decorations. They come in all colors: carmine, rose, pink, blue, lilac, purple, violet and pure white, etc.

Plant Anemones from 2 to 3 inches deep; about 12 to 14 inches apart.

\$2.50 per Dozen, in Assorted Colors.

Examples of our Delphinium Hybrids of the famous Wrexham Strain

Hardy Pompon Chrysanthemums

Price: 50c Each.

The following "mums" are selected for their gorgeous coloring, flowering at a time when most other flowers in the garden have finished blooming. They are standard sorts, selected and recommended for outdoor growing in Pacific Coast regions.

Plant "mums" in a rich, well drained piece of ground about a foot apart; pinch off the tops once or twice during the months of May or June. They will branch out and make beautiful bushes and will give the cultivator more return for the labor expended than many other plants in the garden.

DELPHINE DODGE—A beautiful rose-pink flower changing to shades of lavender as the flower ages. Very early and free bloomer.

LILLIAN DOTY—The finest pink in the entire pompon family. Plant is vigorous, producing beautiful sprays of light pink flowers.

ZENOBIA—One of the best yellows in the large-flowering sections of the pompon. Very early and vigorous. A magnificent, bright golden yellow in color.

ROMAINE WARREN—A beautiful deep orange-bronze. A free and early flowering pompon. We consider this one of the very best in type and color.

HILDA CANNING—A very fine variety in the baby type flower. A beautiful mahogany-bronze that is a great favorite.

NELLIE LOUISE YOUNG—A dainty single type that is a beautiful deep purple and magenta when the flowers first come out, and gradually softening to lavender shades as the plant ages. Plants of these present the effect of a bed of pansies, all tints from deepest purple to the palest lavender.

ELIZABETH McDOWELL—An extra fine single variety. The color is a cheerful, glowing amber and bronze that is very pleasing in daylight but far richer in tone under artificial light. Very early and free blooming.

Delphinium Hybrids of the famous WREXHAM STRAIN

A new peak of perfection was reached last year when our thousands of Delphinium plants came into bloom. Their gorgeous beauty was breath-taking. Many new types appeared, with long spikes and very large, double, individual flowers. The infinite shades of blue were bewildering and our many customers who saw them literally ran out of words to express their wonder and delight.

This will give you some idea of the glorious and magnificent display they will make in your garden in 1931, as the second year bloom is much finer than first year flowers.

Why not develop a Delphinium and Dahlia border, and revel in their enchanting beauty?
